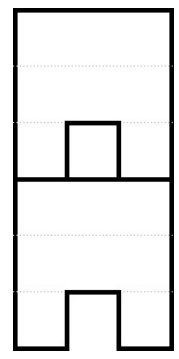
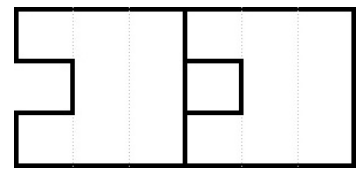
Lowing On A
Journey





BENDING: LOWING WIND AND GROWING TREES SUCCESSIVELY AGREEING TO FOLLOW ONE ANOTHER

When I am lowing wind and growing trees, and lowing wind and growing trees;

Then I am submitting to one another by submitting to principles.

Inside, I am precisely distinguishing heaven's leading impulse (aligning with the hearts of the people by submitting all of my orders, my decrees, and affairs of my government to higher principles); and

Outside, I am distributing clean nourishment to earth's heavenly yield (going out to others and attending to others that have come to me).

CONNECTING: WATER OF CLEAN JOYFUL NOURISHMENT, COMMINGLING AND CONNECTING TOGETHER

When I am water pooling, water pooling;

Then I am having friends in my instruction and practice to obtain the greatest joy.

Inside, I am tying my thoughts to heaven's leading impulse (connecting with and depending on one another); and

Outside, I am a still growing tree of earth's heavenly yield (exchanging with, thriving with, and adding to one another).
